

## MIKI-6871 automatic W.C. flushing sensor system ( half concealed type )

### MIKI-6871 MODEL No.: MIKI-6871 ( half conceal type )

#### Technical information :

Sensor type : infrared sensor

Sensitive distance : 100mm

Mains voltage : Lithium battery

Operating voltage : DC6V

Sensor eye install hole dimension : 40mm

Sensor flushing valve : 2"

#### Package Include :

sensor eye

sensor motor

sensor motor stand

sensor lithium battery

sensor flush valve

sensor cistern : 425 x 150 x 313mm

sensor side inlet valve

sensor flush tube

sensor signage

#### Sensor Parts information :

1. sensor motor

2. lithium battery box

3. cable and waterproof plug

4. sensor motor stand

5. flush valve

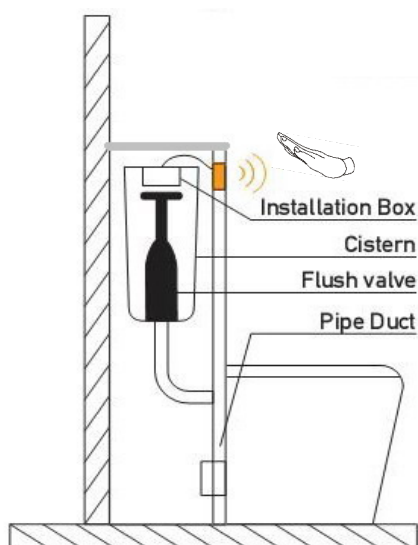

6. flush valve rubber

7. flush valve screw nut

8. sensor eye & manual button

9. sensor eye screw nut

10. flush valve height adjustable 20-122mm
